

September 2, 2022

Dear Sir/Madam:

Greetings!

Our company is envisioned to empower and strengthen the technical skills of industry practitioners, engineers, teachers, and students. Erovoutika is an authorized partner of CompTIA. The Computing Technology Industry Association (CompTIA) is an American non-profit trade association, issuing professional certifications for the information technology (IT) industry. It is considered one of the IT industry's top trade associations. Based in Downers Grove, Illinois, CompTIA issues vendor-neutral professional certifications in over 120 countries. The organization releases over 50 industry studies annually to track industry trends and changes. Over 2.2 million people have earned CompTIA certifications since the association was established. Erovoutika has produced 100% CompTIA A+ passers, 98% CompTIA ITF+ passers, and 95% MTA passers.

According to the U.S Labor and Statistics, Information Technology related jobs are expected to grow 13 percent from 2020 to 2030. This is faster and the highest projection compared to any other fields! In line with these, we are excited to let you know about the learning investments that we would like to offer. We would like to invite you to attend our CompTIA and Microsoft ITS trainings and certifications. It would be a great opportunity to have a partnership with your organization and be part of the learning process. We are pleased to present to you the quotation as tabulated below.

Training and Certification	LEARNING INVESTMENT	
	Voucher Exam Only	Voucher Exam with Training
Microsoft Information Technology Specialist	₱ 2,950	₱ 4,950 With 4 sessions
